

Accent II

tip-up
high back, semi-high back

Brand new, Winga-based, fold-up seat to match Rescroft's popular semi-high back Defender and high back Nevis. Available in three widths, 400mm, 425mm and 450mm. The original Accent was developed to meet 1998 regulations regarding the requirement for rear-facing seating to at least meet M3 specifications.

This redesigned version introduces a number of improvements and brings product styling into line with the rest of the range.

Features

- Available as single units only
- Compliant to Community Directive 76/115/EEC (as amended) for category M1 and M2 applications
- Compliant on Embus floor system
- Semi-high or high back
- Can be fitted either in left, right or centre positions
- Base heights available: 230mm or 300mm - low rake; 280mm or 320mm - Standard rake
- Available on Unwin, Koller and Q'Straint quick-release fittings
- Optional Duo belts
- Range of accessories
- Fast delivery

Trim

To match original material in most vehicles. Vinyls and moquettes also available.

Notes

1 - Caution: It is not possible to test every permutation of seat width, accessory combination, leg height, position and type, or seat belt requirement. For this reason, it must be emphasised that compliance cannot be assumed where there is any deviation from the standard supply or assembly method. Additionally, the advantages of this product may be lost if insufficient consideration is given to the method of installation of the seat in the vehicle.

2 - FULL compliance to seat belt anchorage regulations can only be achieved through vehicle testing.

3 - Product improvement may affect specifications.
