

ISOfix

# Nevis high back

Nevis complements, visually and technically, the Rescroft Defender range, the higher backrest creating an even more comfortable product. It offers the highest level of passenger safety and is compliant up to M1 standard. For M2 or M3 vehicles, it is available as single, double and treble units: for M1 vehicles, as singles and doubles.<sup>(5)</sup>

For maximum comfort, the belt exits at shoulder level, from the front of the seat, whilst the extra height eliminates the need for separate headrests. An ABS back is a standard feature of this high-specification product.

## Features

- Minimised seat pitch measurement
- Compliant on *Embus™*, *AMF*, *SmartFloor*, *Handi Floor* and *Innotrax* floor systems
- ABS back
- Compliant on various quick-release fittings
- Variable leg centres and a choice of leg rake
- Compliant to Reg.14 (M1/M2) and Reg.80 (M2/M3) applications [Type Approval No. 00870000-80R]
- Standard lap/diagonal, inertia reel belt: fully integrated
- Choice of belt
- Optional twin-belt, retractable harness system
- Optional *ISOfix* connection

### Notes

1. Caution: It is not possible to test every permutation of seat width, accessory combination, leg height, position and type, or seat belt requirement. Compliance cannot be assumed where there is any deviation from the standard supply or assembly method. The advantages of this product may be lost if insufficient consideration is given to the method of installation of the seat in the vehicle.
2. FULL compliance to seat belt anchorage regulations can only be achieved through vehicle testing.
3. Product improvement may affect specifications.
4. Leg height restrictions may apply.
5. M1 double only available using 3 heavy-duty legs.

### Trim

To match original material in most vehicles. Vinyls and moquettes also available.

### Accessories

- Armrests
- Quick-release fittings
- Rear/top grab-handle
- Map nets

### Bases

All seats are supplied with legs. Braced bases are available for use with quick-release fittings.
