

Uplift

semi-high back tip-up

The Uplift tip-up seat provides high specification, compact seating for applications where it is essential to minimise the overall depth of the seat backrest.

It is available in two widths and a variety of trim styles and will, optionally, accept headrests and twin belts.

Features

- Fold-up cushion
- Available as 400 and 450mm single units
- Gas-strut-assisted folding mechanism
- Standard lap/diagonal inertia-reel 3-point belt
- Textured paint finish
- Designed for bulkhead fixing

Accessories

- Armrests (see Note 4)
- Headrests

Trim

To match original material in most vehicles.
Vinyls and moquettes also available.

Dimensions (for guidance only)

Notes

- 1 Caution: It is not possible to test every permutation of seat width, accessory combination, leg height, position and type, or seat belt requirement. For this reason, it must be emphasised that compliance cannot be assumed where there is any deviation from the standard supply or assembly method. Additionally, the advantages of this product may be lost if insufficient consideration is given to the method of installation of the seat in the vehicle.
- 2 FULL compliance to seat belt anchorage regulations can only be achieved through vehicle testing.
- 3 Product improvement may affect specifications.
- 4 Armrests only available in conjunction with webbing seat-belt stalk.
